

**Hi, I'm Climate Toothpaste.** I want to connect you with climate advocacy groups in your area. A lot of people are concerned about climate change, but feel overwhelmed by the problem, and they don't know where to turn. **Good news:** amazing groups are already working on solutions! I'm here to help you learn about these groups, so you can find a fit.

#### **Here's a text to introduce yourself:**

*I'm concerned about climate change and am learning how to be involved with climate solutions/carbon pricing initiatives/conservation. Can you tell me about your group and what you do?*

## **GEORGIA**

### **Pricing Carbon**

#### **Citizens Climate Lobby**

**[www.citizensclimatelobby.org](http://www.citizensclimatelobby.org)**

Citizens Climate Lobby is an international organization that is trying to pass legislation for a national carbon fee and dividend. What's missing from climate change? Political will. CCL creates that political will by educating about climate change. CCL has 9 chapters in Georgia.

### **Climate Change**

#### **Georgia Climate Change Coalition**

**[info@georgiaclimatcoalition.org](mailto:info@georgiaclimatcoalition.org)**

Through education, advocacy and action, the Georgia Climate Change Coalition increases

awareness about climate change and its impacts; work in partnership with all Georgians and stakeholders to promote solutions and adaptations to the climate crisis; actively support local, state, national and international energy/climate change initiatives and legislation; serve as a clearing house for climate information. GCCC is based in Athens.

### **Anti-Fracking**

Some speculate that the hills of Northwest Georgia contain untapped natural gas. The Conasauga shale field, which runs between Alabama, Georgia and Tennessee, has been developed in Alabama. Folks are mobilizing in case fracking starts in Georgia. Here are 2 links:

[act.credoaction.com/sign/fracking\\_georgia/](http://act.credoaction.com/sign/fracking_georgia/)

### **Environment/Conservation**

**Sierra Club**     **[www.sierraclub.org/georgia](http://www.sierraclub.org/georgia)**

Protects wilderness, helped pass the Clean Air Act, the Clean Water Act, and the Endangered Species Act. Inspired by nature, we work together to protect our communities and the planet. Join in and help us protect Georgia from the foothills of the Appalachians all the way to the coast! Sierra Club has a six chapters in Georgia.

### **OTHER NATIONAL GROUPS**

### **Climate/Environment/Action**

**350.org**     **[www.350.org](http://www.350.org)**

A global grassroots climate movement that holds leaders accountable to the realities of science and the principles of justice. Through on-

line campaigns, grassroots organizing, and mass public actions, 350 brings together a global network in over 188 countries.

### **Climate Mobilization**

#### **The Climate Mobilization**

**[www.theclimatemobilization.org](http://www.theclimatemobilization.org)**

Climate change presents us each with a fundamental choice. Will we be passive as civilization slowly collapses around us? Or will we mobilize and fight back for a 100% clean energy future? The Climate Mobilization believes we need a WWII-scale national mobilization to fight climate change.
