

**Hi, I'm Climate Toothpaste.** I want to connect you with climate advocacy groups in your area. A lot of people are concerned about climate change, but feel overwhelmed by the problem, and they don't know where to turn. **Good news:** amazing groups are already working on solutions! I'm here to help you learn about these groups, so you can find a fit.

#### **Here's a text to introduce yourself:**

*I'm concerned about climate change and am learning how to be involved with climate solutions/carbon pricing initiatives/conservation. Can you tell me about your group and what you do?*

## **VERMONT**

**Did you know?** Vermont was the first state to ban fracking, in 2012.

### **Pricing Carbon**

#### **Citizens Climate Lobby**

**[www.citizensclimatelobby.org](http://www.citizensclimatelobby.org)**

Citizens Climate Lobby is an international organization that is trying to pass legislation for a national carbon fee and dividend. What's missing from climate change? Political will. CCL creates that political will by educating about climate change. CCL has a chapter in Burlington.

#### **Energy Independent Vermont**

**[info@energyindependentvt.org](mailto:info@energyindependentvt.org)**

Energy Independent Vermont is working on

a carbon tax plan, which will save Vermonters money by helping them to switch to clean energy and efficiency, and create jobs. We have a responsibility to tackle the root cause of global warming, and we have to stop allowing oil and gas companies to pollute Vermont for free. Our plan will require these companies to pay a tax on the carbon pollution created by the fossil fuels they sell.

### **Climate/Environment**

#### **350.org**

**[www.350.org](http://www.350.org)**

A global grassroots climate movement that holds leaders accountable to the realities of science and the principles of justice. Through on-line campaigns, grassroots organizing, and mass public actions, 350 brings together a global network in over 188 countries. 350.org has one group in Burlington.

### **Environment/Conservation/Climate**

#### **Sierra Club**

**[www.vermont.sierraclub.org](http://www.vermont.sierraclub.org)**

Protects wilderness, helped pass the Clean Air Act, the Clean Water Act, and the Endangered Species Act. The Vermont chapter's mission is to explore, enjoy and protect the wild places of the Earth; to practice and promote the responsible use of the Earth's ecosystems and resources; to educate and enlist humanity to protect and restore the quality of the natural and human environment; and to use all lawful means to carry out these objectives. Sierra Club has a chapter in Montpelier.

### **Climate Mobilization**

#### **The Climate Mobilization**

**[www.theclimatemobilization.org](http://www.theclimatemobilization.org)**

Climate change presents us each with a fundamental choice. Will we be passive as civilization slowly collapses around us? Or will we mobilize and fight back for a 100% clean energy future? The Climate Mobilization believes we need a WWII-scale national mobilization to fight climate change

#### **Other national groups:**
